**FAQ:**

**What do I wear?**

It depends on the weather but generally long sleeved shirts with earth tones and or fall camo is great, but anything works fine.

**Does it hurt?**

Only if your friend shoots you in the rear from 5 feet away.

**What if I have my own equipment...Can I get a discount?**

No. Sorry. They are cutting us a sweet deal with the rentals and field use, so it is actually more expensive if you went without the group rate.

**Can I bring my own box of paintballs?**

No, sorry. As of April 25 they permit FIELD PAINT ONLY.

**Should I bring any extra money?**

Yes! You are welcome to bring extra money for drinks and snacks at their concession stand.
